

# Sierra Sun

by WALTER M. BARRETT

When you stop to think that more than \$300,000,000 are spent annually by the sportsmen of the state, it is a very substantial reason why we in Truckee and Lake Tahoe devote so much time, energy and money to promoting our sportsmen's paradise and making a strong bid to keep ahead of other sections which are attempting to match our great natural resources. It is estimated by our assemblyman, "Scoop" Thurman, and this huge sum is expended by the sportsmen, 400,000 fishermen and 270,000 hunters, who frequent the streams and fields each year. We have given considerable attention to our region, but we are not giving enough. We are all more or less satisfied that we have the edge now, but to retain it will mean more time, effort and money and a never slackening of our work to keep ahead in providing the sportsmen what they seek.

We often wonder why so many people prefer to read the "funnies" or trivial items of no consequence, to the cold facts like the war, rising costs, sabotage, strike disturbances and other features of national importance. Perhaps it is an attempt to evade these more sordid things or it might be an apathetic belief that nothing can be done about them anyway, so why bother. After all, they are becoming almost too commonplace to demand more than passing comment, and Tarzan, Superman and Dick Tracy really keep things moving.

It's amusing to hear some cynics predict that Truckee is on its last legs, declining because of the dearth of sawmills, ice ponds and other historic industries, and then to watch the many developments taking place in our thriving center. The facts stand out much clearer than these dire lamentations. In virtually every local endeavor we see progress being made and businesses, with rare exceptions, reporting healthy gains. The bank reports larger deposits than ever before in its history. Almost every business concern in Truckee has added materially with new and modern equipment, enlarged quarters and increased stocks. It is perhaps unfortunate that we must have these cynical citizens, but in a way they are a benefit as they aid in keeping us from becoming too self-satisfied and create that small atom of fear that keeps us striving for still better things.

So much for that. Let's go fishing.

## Kings Beach Children Put On Program at School

by MADELINE GALLERANI  
KINGS BEACH, May 1.—The regular Friday afternoon program of KES "went on the air" with Irene Gallerani acting as mistress of ceremonies. Teacher Marion Wittman assisted on the piano for the songs and dances.

A pledge of allegiance was given, and "America" was sung by everyone. Number One on the program was Anna Marie Appleby who delighted the audience with her recital of "My Box", "Ferry Boat Serenade" was rendered by Betty Mae Hall, Geraldine Rice and Irene Gallerani. A tap dance to "School Days" was done by the same three and Barbara O'Brien. Cute and small, Dale Burt recited "The Squeaky Pig". All the boys sang "Old McDonald Had a Farm". None other than the famous "Doctor I. Q." (Richard Astle) made his appearance with the "Quiz Kids" (Betty Mae Hall, Billy Peterson, Geraldine Rice, Bruce O'Brien and Barbara O'Brien). Jim Astle recited a poem about "The Forest". Richard Astle and Norman King added a comedy relief. The fourth and fifth grades cleverly performed the Finnish Reel. Irene Gallerani recited a poem, "I Know a Secret". Patricia English recited "Little Bo Peep". Little Michael English, four, recited "Humpty Dumpty" to the great amusement of everyone. Geraldine Rice played the selection "In May" on the piano. Irene Gallerani chose "America" as her selection on the piano. Current events were given by Geraldine Rice, Barbara O'Brien, Norman King and Irene Gallerani, marking the end of the program.

The feature of the afternoon was a comedy number, "The Strawberry Blonde". The Strawberry Blonde was Geraldine Rice, who was supported by Richard Astle, Billy Peterson and Norman King, with Irene Gallerani doing the vocal.

"IT SHINES FOR ALL"

## Truckee Republican

73rd Year, Number 12.

Truckee, Nevada County, California, Thursday, May 1, 1941

Established in 1869

## School Week To Be Observed In Program Friday

May Promises Activities As Many Events Are Slated

DANCES, PROGRAMS

## Masonic Lodge Sponsoring Public Schools Week Program

May promises to be a busy social month with a number of outstanding events slated to provide entertainment for the public.

A program of note will be presented Friday evening at 8 o'clock at the grammar school auditorium as the Truckee Masonic lodge observes public schools week. The public is invited to enjoy the following program:

Salute to the Flag; singing of "America"; prayer by Rev. Grant Keetch; piano solo, Mrs. George Kamp; farm quiz, primary section under Miss Joyce Olson; "Hail, Columbia," intermediate section under Mrs. Jennie Watkins; "What the School Gives the Civil Community" by Earl Smith; address, "Facing a Troubled World" by Prof. S. S. Barooshian of Placer Junior College; talk on "Art in Everyday Life" by Renee Hart; skit, "Engine Trouble" by the freshman class; talks on "Homemaking" by Marjorie Parr and Harry Digesti; talk on "Industrial Arts," George Keetch; reading by F. W. Gallenrie; piano solo by Mrs. John Wolert, and the song, "God Bless America."

### Roll Call

On May 9 Summit Lodge No. 54, Knights of Pythias will celebrate its 38th annual roll call and the 62nd anniversary of the institution of the order here. The program will be held at the grammar school and the public is invited.

### Dance Planned

The Pythian lodge has reserved the Veterans Memorial Building for the evening of May 17 for its annual spring dance. Bob Seibold is in charge of affair.

### To Present Play

The students of the local high school will present their annual play at the Masonic Hall on the evening of May 16. The youthful thespians have worked hard to provide a lot of good entertainment for the occasion and urge your attendance.

## Youth Conference Slated To Be Held Here May 10

Between 75 and 100 older boys and girls of high schools throughout this district are expected to attend the annual Youth Conference to be held May 10 at the grammar school auditorium. Arrangements are being made by Rudy Albrecht, YMCA official from Marysville, and Rev. Grant Keetch. Merle C. Waterman of Ventura, who has been engaged to address the Rotary International convention, will speak and show motion pictures of his recent South American trip.

## Wyethia Club Session Set

Mrs. Claire Hayes will be the program chairman at the meeting of the Wyethia Club to be held Thursday afternoon at 2 o'clock at the club house. Mrs. V. L. Deaton will be the tea hostess.

The principal business of the session will be the election of officers for the coming term.

Mr. and Mrs. Chris Nielsen of Tahoe City motored to Reno Sunday to attend the wedding of Miss Roberta Kirkley to George Metter. Mrs. Metter is the daughter of the late Mr. and Mrs. Jack Kirkley.

Recent guest at the Nielsen home were Mr. and Mrs. Donald Piggott of Ogden, Utah. Piggott is a salesman with the Packard Motor Car Co. in Ogden.

Miss Lilian Schaefer of Sacramento was a weekend guest.

## TWO ARE INJURED IN SKI LIFT MISHAP NEAR SUGAR BOWL

Mr. and Mrs. Otto Lirsch of Lake Spalding, both noted in skiing circles on the Pacific Coast, are in the Sutter Hospital because of injuries suffered in the Sugar Bowl this week when an accident wrecked five of the conveyances on the resort's chair lift.

Hospital attaches report that while Lirsch's injuries are confined to cuts and abrasions, his wife's condition is more serious. He back was severely injured.

They were thrown 25 feet to the snow when the chairs they were riding were sheared off at a tower.

Officials at the resort said the occupant of the third chair, whose name was not revealed, leaped and escaped injury. They said the remaining chairs were unoccupied.

Following the accident, the Sugar Bowl unit of the National Ski Patrol went into action. The injured people were taken from the scene by toboggan to the hotel where they received emergency treatment. They were then taken to Norden and there were transferred to W. H. Laity's ambulance from Truckee and were taken directly to the capitol city hospital.

## Summer Tempo Starts In Forest Service Work

Two more of the local forest service summer field force were started to work today by Ranger H. I. Snider in preparing campgrounds, telephone lines, roads, trails and livestock watering troughs for the season's use. William Curran, who will be dispatcher this summer, moved his household goods and Mrs. Curran to the local forest service headquarters. He will assist Frank Cozzallo, who has been working for the past ten days on campground and telephone line maintenance, assisted by Charles Arment of Lake Tahoe.

Nelson Stone, who will be Truckee district protective assistant this season, started work placing fire prevention signs in the field and testing all fire fighting equipment for use in the near future, as the April showers are not expected to continue.

Ray Cox, who was protective assistant last year, has obtained steady employment with the Pacific Telephone and Telegraph Co. in connection with survey work on the new underground communication system.

## Truckee Lions Host At Ladies Night on Summit

Close to 100 members and guests of the Truckee Lions Club gathered at the Soda Springs Hotel Saturday night to enjoy one of the largest ladies nights the club ever sponsored. Entertainment was provided by Leo Schmidt and Melvin Jepson, members of the amateur magicians association at Reno, who demonstrated several mysterious tricks of magic. A three-piece orchestra, also from Reno, played for the dancing which followed the dinner. W. M. Englehart, Jr., president of the club, was in charge of the meeting.

Rudy Albrecht, official for the mountain counties Y.M.C.A. from Marysville, gave a brief talk on the youth of America before the club last night following dinner at Emigrant Trail Lodge. The speaker urged continued support of youth activities pointing out the value of properly trained young people in the life of democracy. L. R. Jefford, district governor, and Howard Powell of Grass Valley were also guests at the meeting and Jefford spoke briefly.

## Max McGwinn Passes in State Pharmacist Exam

Maxwell McGwinn, who is employed at Loynd's Truckee Drug, spent part of the last week in San Francisco where he successfully passed the examination of the California state board of pharmacy and became a registered pharmacist. The exam is a difficult one and is passed only by those thoroughly familiar with the work to be required by expert druggists.

## Scores Out As Fishing Season Is Opened Here

School Observes Holiday to Permit Pupils To Fish

Due to anticipated wholesale absences, the board of trustees of the local high school closed school today for the opening of the trout fishing season.

An over-night drop of a foot in the Truckee river retarded the opening day but in spite of the handicap the experts reported good luck on grubs and worms. The fly fishermen did not do so well in this district.

The honor of reporting the first limit or near-limit this season is Nat Quilici's who took time off from his laundry truck to go below Boca where he caught eight fine rainbow which scaled near the limit mark.

Angelo Besio brought in the largest trout caught up until 9 this morning when he displayed a four-pound Loch Leven. His catch weighed over six pounds.

Aside from the drop in the river, conditions were excellent and hundreds of anglers from all parts of California and nearly an equal number from Nevada participated in the opening day here.

The best fish story of the day was related by Stan Gregory who claims to have caught two fish before he broke his rod in two places. Undaunted, he used the handle stub, attached his line, made a cast and caught the biggest fish he ever hooked. He pulled the big fellow up on the shore before it detached itself and floundered toward the river. Gregory seized the battler in his arms, took a firm grip on its tail and had nearly won the battle when he tripped, the fish winning the bout to swim away. Discouraged, the angler got in his car to come home and stripped the gears!

## P. T. A. Plans for Social To Raise Funds for Club

Mrs. E. L. Loynd, publicity chairman, reports that on Friday, May 23, the Truckee Union Parents and Teachers Association will give an old-fashioned social for the benefit of the organization.

The affair will be for adults only and will be held in the Grammar School auditorium at 8 o'clock.

Entertainment and old-fashioned dancing will hold the interest of all attending. This will be preceded by a box supper. All proceeds will be used to carry on the work of the worthy group for the coming year.

Details of the interesting program will be published in a later issue.

## General Electric Man is Speaker at Rotary Meet

"Fluorescent Lighting" was the subject of the interesting discussion by Roy Kircher, representative of the General Electric Co. of Reno who spoke before the Truckee-Tahoe Rotary Club Monday night at Vanderford's as the guest of Lyle Smith, program chairman. Theodore Schleuter presided.

Aside from the speaker who demonstrated his talk, motion pictures of Mexico were shown. Guests were Earl Edmunds, Joe Kitchen and Dr. Welch of Soda Springs, Captain Davis and Charles Arment of Tahoe and Glenn Coffey of Truckee. Ernest Danzger of Norden was taken in as a new member.

### LAKE TAHOE LEVEL

TAHOE CITY, May 1.—The level of Lake Tahoe on Monday, April 28 was 6227.24 feet with all gates closed at the Truckee River Dam outlet and no water leaving the lake. Temperatures on Monday varied from a high of 61 to a low of 34. About an inch of snow remains in scattered patches at lake level. Roads are clear and dry all around the lake and traffic was heavy over the weekend.

## IMPORTANT EVENTS TO LOCAL CIVIC LIFE SLATED THIS WEEK

Two events of major civic importance to Truckee will take place during the coming week.

The first of these will occur tomorrow morning at 10 o'clock in Nevada City. At that time the board of supervisors will meet to hold a hearing on the petition of 68 local property owners to have an election called on whether or not Truckee shall become an incorporated city. The hearing is for the purpose of adjusting boundaries, fixing the population and setting the date for the election. The meeting will be held in the supervisors' room in the court house and is public in character.

The second event is the Truckee Public Utility District general election scheduled to be held Tuesday in the district's office on Commercial Row. At this time the voters of the district will have their choice of re-electing C. E. Smith, chairman of the board of directors, or replacing him with a write-in, since Judge Smith is the only candidate who has filed for the post.

## Chief Reports Progress On Clean-up Campaign

Fire Chief Norval F. Dolley this week reported excellent progress in the spring clean-up drive being conducted by a chamber of commerce committee under his chairmanship. Last weekend the committee demolished an abandoned house on Kelsor Avenue and petitions are before the state controller and county board of supervisors for permission to dispose of several other unsightly and hazardous structures in that locale, Chief Dolley said.

## Tony's Coffee Shop Has New Fixtures Installed

Keeping pace with the advancement of business improvements in the district, Mrs. A. B. Polyanich, who operates the restaurant in Tony's Club and Coffee Shop, has completed installation of entirely new equipment in the dining room. Six modern new booths, six tables and more than a dozen counter stools have been placed in the establishment. All the new furniture is in chromium and leather of the latest design and matching the other appointments of the restaurant. The seating capacity is more than 60 and large parties may be served conveniently.

## Grand Chief to Visit at Pythian Sisters Meeting

Summit Temple No. 79, Pythian Sisters, is planning to welcome Mrs. Edna Smith, outgoing grand chief of the lodge in California, at their regular meeting, Thursday, May 8.

Mesdames Robert Tonini and Elden Tonini will be hostesses following the business meeting.

All Pythian Sisters have been requested to assist in the flower arrangement for the Knights of Pythias annual roll call meeting which will be held at the grammar school auditorium the following evening.

A section has been reserved for the staff and officers of the sisters at this affair.

Last Thursday evening five candidates were initiated into the lodge. They were Mrs. Clarence Bowers, Mrs. Walter Barrett, Miss Eva Moro, Douglas Barrett and Andrea Armatt. Refreshments were served at the close of the ceremony and Most Excellent Chief Mrs. Charles Heller presided.

## American Legion Elects Officers Next Tuesday

All members of Truckee Post No. 439, American Legion, are urged to attend the regular meeting Tuesday night at which time new officers will be elected and plans completed for the meeting of the Sixth District and the Placer-Nevada Bi-County Council slated to be held here May 25. Commander H. G. Locher will appoint committees to have charge of the sessions and entertainment of the visitors and other important business will be discussed.

WHY Not Send The Home Paper to Your Absent Son or Daughter? It Helps To Cure Homesickness

## Discussion On Boca Water Is Nearing Finish

Bills in Washington Would Permit Flow Are Okehed

FARMERS WIN FIGHT

## Balance of Payment May Soon Be Made By Government

H.R. 4490 by Representative James Schrugham of Nevada, which would authorize the completion and delivery of Boca Dam to the Washoe County Water Conservation District, was approved by the house irrigation and reclamation committee, according to a report from Washington. It had been approved by the interior department.

Howard Stinson, assistant chief counsel of the reclamation bureau, testified that enactment of the bill will enable the government to put the stipulated Truckee river decree into effect, and thus avoid litigation which might cost the United States more than the \$100,000 involved.

Meanwhile, Senator Pat McCarran's companion bill providing for government payment of \$80,000 in extra charges has passed the senate and immediate action is anticipated by the house committee.

The Nevada senator said he expected the bill will be passed by the house and that he believed that Boca dam would be made available to Nevada farmers in time to prepare for the summer dry season.

When the dam was built, the water district was formed and the group agreed to pay a million dollars for the construction of the project. Later the interior department attempted to collect an additional \$80,000 for extra engineering costs. When the district balked at payment of the extra charge, the federal department has retained control of the dam.

## Donner Theater Offers Three Fine Pictures

Relentlessly pursuing a policy of offering the best the moving picture industry produces, the Donner Theater this week is presenting one of the most outstanding bills on the books.

The effect of a girl's erratic family and her salty sweetheart on her young stuffed-shirt employer motivates the plot of "A Girl, A Guy and A Gob," Saturday's feature and Harold Lloyd's first film production for RKO. George Murphy, Lucille Ball and Edmond O'Brien head the cast.

If ever a picture showed promise of being a comedy hit, it is Paramount's new excursion into the laugh world, "The Lady Eve," starring Barbara Stanwyck and Henry Fonda in the principal roles. It plays here Sunday night.

Based on Erich Marie Remarque's "Flotsdam," "So Ends Our Night" co-stars Frederic March, Margaret Sullivan and Francis Dee and shows at the Donner on Wednesday night. New York critics acclaim it as "one of the ten best films of the year."

## Mrs. Art Kehm Honored By Friends at Shower

Mrs. Arthur Kehm was the recipient of a joint birthday party and stork shower Monday at the home of Mrs. O. Giovannoni, with Mesdames Mary Giovannoni, Mary Cardinal and Edith Pfendler as hostesses. The evening was spent pleasantly by the 23 guests who occupied the time with games.

Mrs. Dorothy Garibaldi held high score at contract, Mrs. Gladys Doley was high at the auction tables, Mrs. Alice Quilici at pokeno and Mrs. Angelini was winner at bingo.

The honoree received a large number of useful and lovely gifts. Refreshments were served at the close of the evening.

H. Ciardella was at the Hotel Whitcomb, San Francisco, this week.

## Christian Science Service

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, May 4, on the subject "Everlasting Punishment."

The Golden Text will be: "He that covereth his sins shall not prosper: but whose confesseth and forsaketh them shall have mercy" (Proverbs 28: 13). Bible selections will include the following passages from Proverbs 12: 1, 3, 7: "Whoso loveth instruction loveth knowledge: but he that hateth reproof is brutish.... A man shall not be established by wickedness: but the root of the righteous shall not be moved.... The wicked are overthrown and are not: but the house of the righteous shall stand."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included, which reads as follows: "Remember that mankind must sooner or later, either by suffering or by Science, be convinced of the error that is to be overcome. In trying to undo the errors of sense one must pay fully and fairly the utmost farthing, until all error is finally brought into subjection to Truth" (p. 240).

## Senator Pronoses State Give "Scoop" Jackass

SACRAMENTO —(UP)— The question of interim secretaries for Los Angeles, San Francisco and Alameda county senators provoked many humorous sallies in the upper chamber.

The plea of the trio was that the great volume of work entitled them to some assistance. Senator Jesse Mayo said that if the volume of work was to be a criterion, he would see that the bill was amended in the lower chamber to provide his assemblyman (Allen G. "Scoop" Thurman) with a jackass to cover his ten counties.

## Continuous Activity

THE majority of mankind have been accustomed to considering employment as a material activity in which they engage for the purpose of "making a living." When this activity is taken away from them for any reason, and the income which they have been receiving and which is considered necessary for maintaining a comfortable home, ceases, then doubt and fear creep in, together with the suggestion that they may be permanently cut off from any activity which will afford a living. This condition of thought is the result of holding the concept of man as material, finite, and limited in activity.

In the first chapter of Genesis it is clearly stated that man was made in the image and likeness of God. Christ Jesus said, "God is a Spirit" (John 4:24); and in the Christian Science textbook, "Science and Health with Key to the Scriptures" (p. 465), Mary Baker Eddy has given Spirit as one of the synonyms for God. Therefore man, His image and likeness, or reflection, must be spiritual. . . . Spiritual man, therefore, is continuously expressing the uninterrupted activity of Life, God, Mind, and constantly manifesting intelligence and wisdom. Jesus had a clear realization of man's relationship to God when he said (John 5:17), "My Father worketh hitherto, and I work."

"Well," one may say, "granted that there is spiritual activity, what bearing has that on my problem? I need some concrete material employment that will bring in the income necessary to meet my human needs." True, we all do, but this can be demonstrated and made manifest in our experience by right, active, spiritual thinking about God and man's relation to God; in other words, by seeking "first the kingdom of God, and his righteousness" (Matthew 6:33), which Jesus said would be followed by the addition of "all these things" that are needful.

In "Miscellaneous Writings" (p. 307) Mrs. Eddy says, "God gives you His spiritual ideas, and in turn, they give you daily supplies." It is our receptivity to these ideas which enables us to express right activity. If we go forth in search of work, understanding that we possess those spiritual qualities which are so much needed in the business world today, and holding uppermost in our thought the desire to give of what we have rather than the wish to get, this spiritual thinking will direct us to those who are in need of what we can give. The Bible promise (Luke 6:38), "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom," is always fulfilled.

Sometimes we may be asked to perform services which we have previously thought were beneath us, but if we perform our present tasks humbly, gratefully, and efficiently, we shall soon find suitable and congenial occupation. . . .

We can all be more active in our expression of thanks for all blessings by being more watchful and alert to seize an opportunity to help others, by doing some little act of kindness, and giving a word of encouragement to some one struggling under a heavier load than we are bearing.

The thought that inactivity is a result of advancing years is one that must be destroyed. Mortal mind may argue that we are beyond the age when we can be of use in business, or, at best, that our opportunities to engage in lucrative employment are limited. Does God manifest failing faculties or other infirmities? No; that is unthinkable. Then man, His image and likeness, cannot be hampered by beliefs of age. . . .

Sometimes we may be tempted to think that we have been wrongfully forced out of our place, to make way for some one else, and resentment and self-pity may try to control us. In the only real universe, the spiritual realm, there is no taking from one to give to another. Each of us has his work to do here and now, and that work is the daily endeavor to demonstrate man's oneness with God and to manifest the abundance of good which God has bestowed upon all of His sons.

—The Christian Science Monitor

## BETTER THAN AVERAGE

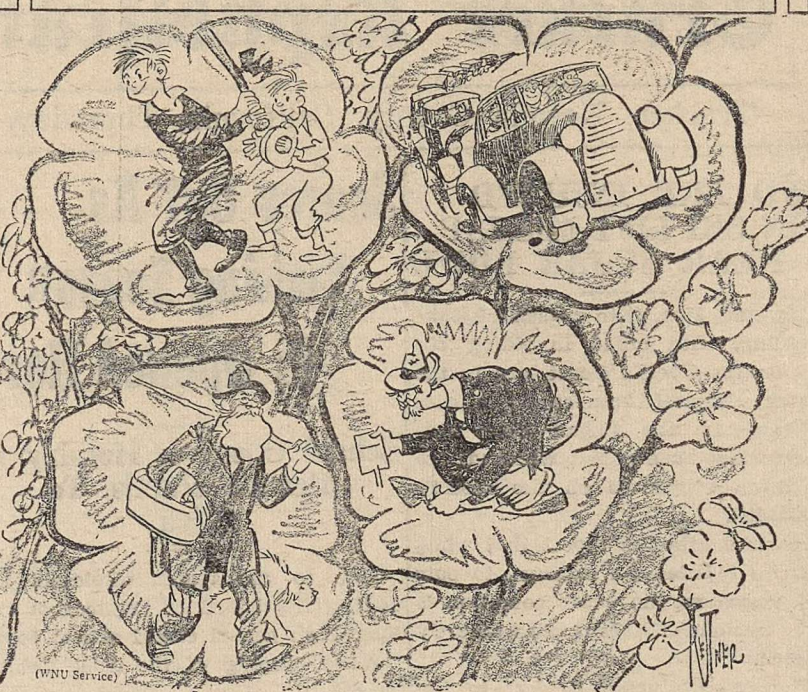

While the average national income is \$536, sixty-eight per cent of the government employees in Washington make more than \$1500 a year.

### HOW MUCH IS \$40,000,000,000?

New figures from the Office of Production Management have revised upward the estimated cost of our authorized armaments bill. The total now stands just short of \$40,000,000,000 and includes both foreign and domestic arms.

This sum staggers the imagination, accustomed as we are to being jolted by huge appropriations and deficits. How much, in tangible terms, is this \$40,000,000,000? When it is compared to the country's assessed valuation the result is frightening.

According to the Bureau of Foreign and Domestic Commerce, the 1937 total assessed valuation of thirty-five of our forty-eight states does not reach forty billion dollars! In other words, the sum to which we have committed ourselves for armaments is equal to the wealth of three quarters of the states in the Union. And no one doubts that there is more to come.

All of us should realize that this huge bill must be paid sometime, and by each one of us, rich and poor alike. From now on we must add a new watchword to DEFENSE—the unpleasant word TAXES. The little fellow is the one who must foot the bill in the end. Even if the "rich" or the "corporations" were taxed to extinction only to fraction of the tottl could be paid.

Americans know that the task of aiding the democracies will be a grievous one in the end and are prepared for sacrifices. But this is all the more reason why each one of us should insist that our money be wisely and carefully spent and that the forthcoming tax burden be equitably distributed.

We must believe in ourselves to live. We do believe, and therefore those principles which we uphold shall stand fast.

### LET IT REMAIN A SYMBOL

In 1876, the United States observed its one-hundredth anniversary as an independent nation. Philadelphia celebrated by holding a centennial exposition. In the Machinery Hall at Philadelphia, there were on exhibit some weird and strange contraptions forecasting the world to come. Two of the exhibits marked the start of a dramatic story that is still going on in this modern world that depends on tremendous quantities of mechanical power.

One of these exhibits showed two crudely fashioned electric dynamos, designed by the Belgian, Gramme, and the American, Wallace. Each supplied current to a single arc lamp and one drove a small pump. The public gazed at these gadgets with the curiosity of an audience watching a flea jump at the command of its trainer.

But what really took the public's eye was another exhibit that was huge and awe-inspiring—the Corliss steam engine, a mechanical mountain of man's ingenuity. It stood thirty feet high and was capable of producing 1,000 horsepower. Interest in the Corliss engine was in proportion to its size; the public could not visualize that the latent possibilities in those freakish little dynamos sitting insignificantly off to one side would in a short while supplant the steam engine in most power fields. The efficiency of electric power has revolutionized the home and factory, although steam power is still as indispensable as the uninterrupted production of electricity.

Electric power has made this world we live in more convenient and efficient, and reduced the labor demanded of man in producing the necessities and luxuries of life. All this has been brought about by the initiative and enterprise of free men, not by government edict.

Let us hope that the magic of electricity will remain a symbol of the public service that flows from the American system.

Seem that we have to attain to the ministry of righteousness in all things, we must not overlook small things in goodness or in badness, for "trifles make perfection", and "the little foxes . . . spoil the vines".—Mary B. Eddy

## My Place In The Sun

by DOUG BARRETT

You know, history turns up some mighty strange paradoxes now and again. Back in 1888 a little man from Ohio, who had been the back-bone of the Democratic party ever since the civil war, was rewarded by his party with the vice-presidential nomination on the Cleveland ticket. The point is, he was an ardent Democrat not because it was the "popular" party, but because he believed it was the "right" party. In 1938, in the sixth California assembly district, a little man was elected to the state legislature as a Republican. He is a good—though not rabid—elephant rider. His honesty of intention and his sincerity of action are his fame, just as with the little Ohio senator of the '80s. He likes the flavor of the fruits of victory (which among us does not?) but he is ready to stand by his guns regardless of the effect—just as the little man who so valiantly rode herd on corruption in the reconstruction era. The quirk of history is that these two very similar "little" men bear the identical name—Allen G. Thurman. A half a century—the same man. Who can deny the divine pattern of history?

Rita Oroz got to talking to me last week about the whys and wherefores of turning one of our big halls into a basketball court. Personally, I have long claimed that a gymnasium is a crying need for Truckee. My boss, too, has from time to time brought up this subject. When the grammar school was built, local folks were told that there would be provision for a gym made in it. When the test came, the school board turned the idea face down or the table and smothered it without reservation to preserve the auditorium as a show place—sort of like a mausoleum or the mummy of King Tut. A minor flare-up came and died and the issue died with it. Then came the veterans building. Here, too, we were "promised" a place where organized play could be carried out. A beautiful picture of a basketball court, bowling alleys, ping-pong tables and, gee whiz, just about everything, was flashed in the pan. And there it sets, gathering dust between dances. There are a lot of people here paying taxes who would like to be able to have organized athletics here. What they'd like to know is why not?

Up and down the block this week I spotted Pace the Plumber busier than Doc Bernard's spaniels. . . . Glenn Robinson beaming over the hole on the corner of Commercial Row and Spring Street where the new Shell station is to be. . . . three new Westinghouse washing machines in front of Dave Cabona's. . . . Rufe Gregory beating Gene Barton in a game of call-shot in the Sportland. . . . the dandy new fixtures in Tony's Coffee Shop. . . . Elden Tonini taking his ease in Rosarini's while Ang Besio sells him a pair of pants. . . . Roy Feathers and Andy Oroz taking the sun. . . . C. P. "Cowboy" Goode looking mighty good.

Truckee has just reason to be proud of her fraternal orders. The Masonic lodges, the Pythian lodges, Odd Fellowship and the Eagles all have very good representation here and we don't have to take off our fez to anyone in lodge work or community service.

## Tahoe Region News Briefs

Mr. and Mrs. Martin Gastman of Sacramento, Miss Anne McDonald of Stockton and Mrs. John Reedy of San Francisco visited the latter's summer home in Timberland Tract at Sunnyside on Sunday.

Mr. and Mrs. Floyd Carnell entertained at dinner Sunday night in honor of Mr. and Mrs. Charles Heller of Meeks Bay who left Monday for a vacation trip to San Francisco.

Mr. and Mrs. Lloyd Cramer and daughter, Linda, returned Wednesday from a vacation in Lodi and San Francisco.

Mr. and Mrs. Tejas Edwards of Lake Forest returned Friday from a business trip to San Francisco where they were guests at the Clift Hotel. Their son, Robert, was a guest at the home of Mr. and Mrs. J. Stark in their absence while their daughter, Elaine, visited at the home of Mr. and Mrs. Theodore Schleuter.

Al Lahr, well-known carpenter of the lake region for many years past, returned to his home near Emerald Bay recently, accompanied by his mother.

H. C. Bradbury of San Francisco opened his summer home last week for a house party bringing up a fine new Chris Craft motor boat to use on the lake.

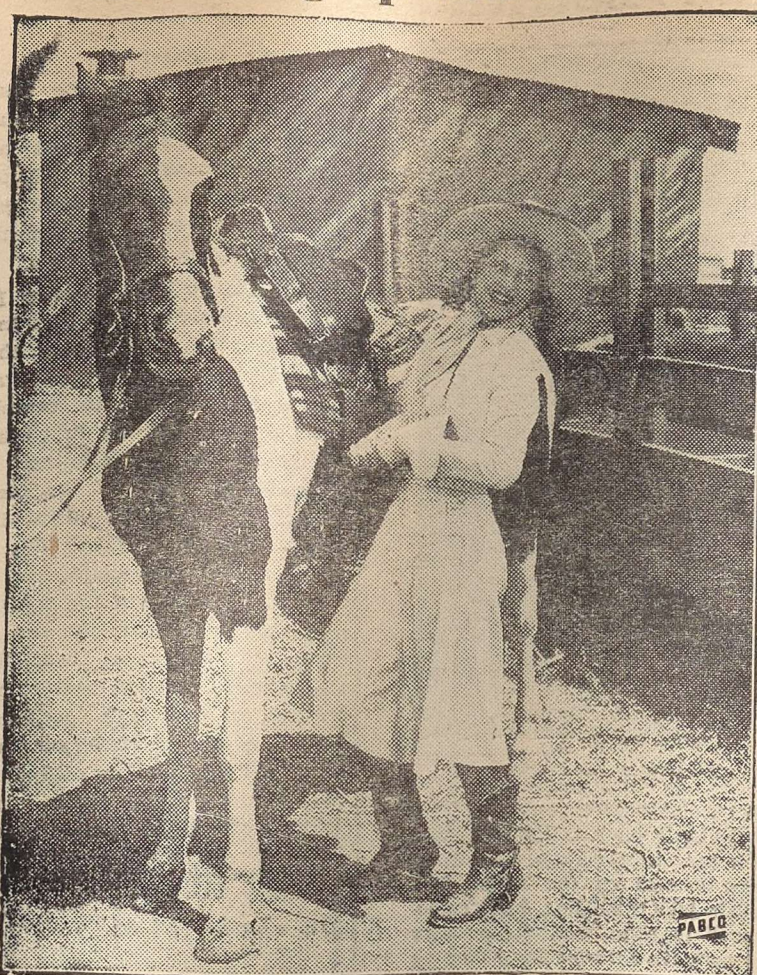

Charles Swanson and Carl Brooks drove to Grass Valley on Sunday. Brooks will return to the Bud Mandeville home at the north end of the lake where he will conduct a sand and gravel hauling business.

A. J. Ketman, realtor of Carnelian Bay, returned from Palo Alto on April 23 to open his office.

Mr. and Mrs. F. A. Kilner of Homewood, who spend the winter at Laguna Beach, arrived at their lake home last Wednesday.

Mr. and Mrs. Harvey Hull and Mr. and Mrs. Charles Swanson were joint hosts at the Hull home on Thursday night at a dinner in honor of the popular newlyweds, Mr. and Mrs. Harry Johanson of Tahoe Park. Mrs. Ollie Daube is opening a new beauty salon in Bijou Park this week.

## Saddling Up Old Paint

All over California, punchers and cowgirls are soaping saddles, polishing bridles, currying the long winter hair from their ponies, in preparation for California's heavy rodeo program from April to September. "Big guns" of the season will be the Salinas annual July 17-20 and the Livermore Roundup 14-15, but immensely popular fetes also are planned at Hayward, Marysville, Dixon, Jackson, King City, Auburn, Calistoga, San Fernando Fortuna, Galt, Ukiah, Anderson, Sonoma, Orland, Crescent City and Woodland. Cowgirl Vivien Roberts, saddling up, will not ride; she's a professional model and prefers terra firma to jerking stirrups.

### TAHOE CEDARS SOLD

According to word from Los Angeles, Mr. and Mrs. Homer Been of Stockton have purchased Tahoe Cedars Lodge from R. H. Strosnider. The deal involved something like \$26,000. The Beens have long wanted a resort at Lake Tahoe but found few for sale during the last few years.

New cottages are being completed this week at the Connolly Resort.

### Ranger Arrives at Meyers To Replace Raleigh Bryan

Robert Dasman, new chief ranger of Eldorado National Forest at Meyers Station, arrived recently from Mineral to take the place of Raleigh Bryan, former chief ranger at Meyers for eighteen years, whose death occurred last winter. Dasman, with his family, is occupying the new ranger's quarters completed by the forest service last year.

Elroy Payson, ranger guard, was stationed last week for the summer at the El Dorado Spike Camp near Bijou. Fifty C.C.C. enrollees are expected to arrive there by May 15.

### Cal-Vada Lodge Fixed For Tourist Season

Cal-Vada Lodge at Lake Tahoe has been completely remodeled, renovated and redecored for the busy 1941 season, according to Fred Reisel who, with Larry McKelvey, owns and operates the popular resort. The lodge has been opened and the low pre-season rates are now in effect. The work on the establishment was done by Jack Wolert, Ben Lambert and Floyd Carnell.

The seasonal opening will not be until later this month or early in June but the bar, hotel and other facilities are now available, Reisel said.

Additions are being completed this week on the main structure of Ethel's Pie Shop at the south end.

## Lake Tahoe News

by ANNE B. ANDERSON

### NEWLYWEDS FETED BY FRIEND AT LAKE SKI CLUB AFFAIR

TAHOE CITY, May 1.—Seventy-five members of the Lake Tahoe Ski Club entertained at a pot-luck dinner Friday night at Tahoe Community hall. The dinner, which is an annual affair, also took the form of a surprise party in honor of Mr. and Mrs. Harry Johanson of Tahoe Park, whose wedding occurred at Minden on April 6th. The bride is the former Miss Dorothy Zacharias of Sacramento and Johanson is one of the most active and valued members of the club.

Tables were laid in a U-shape the full length of the hall with the bride and groom seated at the curve with the club president and his wife, Mr. and Mrs. A. M. Anderson. The bride's table was attractively decorated with flower sprays, two large wedding cakes and figures of wedding couples.

Mr. and Mrs. Johanson led the procession of members in a circuit of the hall to the strains of Mendelssohn's Wedding March played by Mrs. Floyd Carnell. An engraved silver casserole was presented to the couple from over a hundred club members. Speeches of felicitations were made by the president, C. A. Swanson and Theodore Schleuter and were responded to by Johanson.

Tables of bridge and pinocle were played after dinner with the following awards: first at bridge, Mrs. G. W. Atherton and Paul Crandall, consolation, Mrs. Lee Garner and Henry Worden. At pinocle, Mrs. C. W. Vernon and Ben Stanley were first and Mrs. D. C. Turnage and Floyd Carnell were low.

The entertainment committee that deserves much credit for making the affair the success it was included Mrs. Sam Goss, chairman, Mrs. A. M. Henry and Mrs. Floyd Carnell.

Among those present were Mr. and Mrs. E. H. Pomin, Mr. and Mrs. J. E. Pomin, Phil Geier, Phil Gallinger, Mrs. James Dyer, Mr. and Mrs. N. R. Mayfield, Mr. and Mrs. Henry Worden, Mr. and Mrs. Ben Stanley, Mr. and Mrs. C. W. Vernon, Mr. and Mrs. Gilbert Ballard, Mr. and Mrs. Theodore Schleuter, Mr. and Mrs. Ed Haugen, Joyce Haugen, Mr. and Mrs. Paul Crandall, Mr. and Mrs. Lee Garner, Mr. and Mrs. Sam Goss, Leatrice Goss, Mr. and Mrs. A. M. Henry, Mr. and Mrs. Floyd Carnell, Mr. and Mrs. Carl Bechdolt, Jr., Mrs. Carl Bechdolt, Sr., Mrs. Lee Ford, Mr. and Mrs. Jess Sisk, Miss Betty Woodruff, Mr. and Mrs. Jerry Lewis, Mr. and Mrs. D. C. Turnage, Frank Bacchi, Mrs. G. W. Atherton, Mr. and Mrs. A. M. Anderson, Kathleen Starratt, Tom Skaggs, Howard Carnell, Tommy Adam, Jim Swanson, Sally Cross, Mr. and Mrs. Charles Swanson and several others who called later in the evening.

Mr. and Mrs. Charles Heller of Meeks Bay received congratulations from their many friends when they celebrated their 20th wedding anniversary on April 20th.

### TAHOE MAN VICTOR AT PISTOL SHOOT IN S. F. DURING WEEK

SAN FRANCISCO, May 1. (UP)—William LaMarr of Tahoe City last Thursday scored 281 out of a possible 300 to win the annual pistol championship of the California fish and game wardens.

H. C. Jackson of Los Angeles was second with 276 in the rapid and timed fire events. Scott Feland of Lake County was third with 267 and Don Davison of Alturas fourth with 265 points.

### Sunday School Activity At Lake is in Evidence

TAHOE CITY, May 1.—The American Sunday School Union services will be resumed at Tahoe Community Center starting with a Mother's Day program on Sunday, May 11. Rev. C. W. Graves, missionary from Reno, who has been coming to Tahoe for the past fifteen years, spent Sunday at the lake where services were resumed at the Kings Beach Sunday School. Mrs. Elizabeth Van Der Ploeg is the superintendent of this branch and twelve children attended the first meeting.

The Tahoe City branch will again be in charge of Mrs. Tejas Edwards as superintendent, assisted by Mrs. Willis Hevel, who has been one of the official board for many years. Mrs. Carl Wheat and Mrs. J. Stark will be class teachers. The Mother's Day program, conducted by Mrs. Edwards, will appropriate songs and recitations by the students.

### FROM ILLINOIS

Mr. and Mrs. L. H. Ford of Oak Park, Ill., were arrivals at the home of Mr. and Mrs. Lee Garner of Tahoe City. Mrs. Ford is the daughter of Mrs. Garner and will remain for two weeks while her husband is on a business trip to Imperial Valley.

## Tahoe School News

Tahoe Lake Elementary School and Tahoe branch of Placer Union High School will hold open house all this week in celebration of Public School week which will be culminated by an assembly program at the auditorium Friday at 2 p. m. The program will include the singing of The Star Spangled Banner, the Pledge of Allegiance to the Flag, patriotic choruses and singing by the students. The main address will be made by Dr. John Napier, dean of Placer Junior College and principal of the high school. Teachers, school officials and students extend a cordial invitation to all residents to visit the school this week if possible.

Mrs. Myrtle Gallinger, principal of Tahoe Lake Elementary School, attended the regular meeting of the Placer county board of education at Auburn Saturday. Mrs. Gallinger visited Miss Gladys Kirby, Colfax board member, who gave a profusion of beautiful flowers to decorate the Tahoe school this week.

Final examinations for the quarter were written by high school students this week.

Students are busily engaged in caring for the co-operative gardens they planted last year around the school.

Sixteen high school students from Tahoe branch of Placer Union High School attended the dance given in Truckee last Friday night by the Meadow Lake Union High School student body. Coach B. F. Corrigan accompanied the group.

### HIGHWAY 50 GROUP MEETS

TAHOE CITY, May 1.—The Open Highway 50 Association of Tahoe Valley held its second meeting on Monday last week at Globin's hotel with 50 present. The organization, which organized early last winter, now claims 500 members and Chairman John Keller stated that this number is expected to expand to 5,000 by all.

The main discussion at the meeting dealt with snow conditions and road improvement and arrangements for a heavier patrol along the route this spring and summer.

**RIDE SENSATION of the year!**

Drive the big 1941 Ford. See for yourself how "Slow-Motion Springs" have brought completely new Riding Ease to the low-price field!

You learn a lot about the Ford RIDE when you examine the "Ride-graphs" shown here. But try the car—know why everybody's talking about this great new ride. Sensational new, softer, s-l-o-w-e-r springs have created a softer, smoother, more restful ride than any previous low-price car ever had.

And you'll find 2 cubic feet more passenger room than in any other low-price car!—plus more than 30 major features available in no other low-price car!

Try the car, examine the facts, and the truth of this statement is clear: The 1941 Ford OUT-RIDES, OUT-MEASURES, OUT-VALUES any other car near the Ford price—bar none!

GET THE FACTS AND YOU'LL GET A FORD!

Wittich Motors

### THE RIDE-GRAPHS TELL THE STORY!

#### NEW FORD RIDE

Slow wavy line shows how the sensational new Ford "Slow-Motion Springs" smooth out the Ride after car travels over road bump.

#### COMPARE WITH THIS

Showing how, with stiffer, faster-acting springs, effect of bump on passengers in the car is bound to be both greater and longer-lasting.

And you get the LONGEST SPRINGCHASE at low price!—BIGGER, GENTLER SHOCK ABSORBERS—NEWLY DESIGNED STABILIZER!—100% STIFFER, STRONGER FRAME!—SOFTER, DEEPER SEATS than ever before!

## WINGS FOR AMERICA

by Don Wiley  
MEMBER, AVIATION WRITERS ASSN

Paragraphs gleaned at random from the busy California aircraft manufacturing front:

There are persistent rumors that the twin-engine Lockheed YP-38 interceptor has shattered the international speed record. Such matters are military secrets, but if reports are true, the "Yippee" had to scoot along at better than 469 mph to top the mark made by Nazi Fritz Wendel in a special clip-wing Messerschmitt....

### Biggest Bomber

The giant Douglas B-19 is scheduled to try its wings for the first time in the very near future....

Vultee Aircraft continues to hang up production records. Latest accomplishment: the company exceeded by 30 per cent its contract schedule for delivery of BT-15 trainers to the Air Corps....

Four months from first steel to first airplane was the record made by North American in completing its huge new plant at Dallas, Texas, dedicated the other day....

### Flying Battleships

One of the greatest fleets of four-engine patrol bombers in the world

## Covering the Legislature

by ALLEN G. THURMAN  
(Assemblyman for the Sixth District)

Your assemblyman was interviewed one evening last week by Dick Connor of the Mutual Don Lee network which interview was carried over the air by 18 stations which make up that network. Connor is the radio reporter of affairs of state and handles several broadcasts each week direct from the Capitol building.

The writer's part of the interview discussed fish and game matters and mining which will form the basis of our weekly letter this week.

On the matter of fish and game it might interest our readers to know that the sportsmen of the state spend more than \$300,000,000 a year. This is quite a sum of money and shows very definitely that fish and game has become an industry which attracts thousands of people to the mountain counties as well as other parts of the state. A large part of this money finds its way into the cash registers of various lines of business including the service station operators, the garages, the hotels, auto camps, the grocer, baker, drug stores, bars, resorts, and other lines of business. Some benefit directly while others benefit indirectly but all do benefit from the money that the sportsmen spend.

When a sportsman goes out to fish or hunt he must have fishing

is being constructed by Consolidated for the U. S. Navy. The ships are the giant PB2Ys, each a flying battleship....

Some recent information from the European war fronts:

Though puny compared with the vast Nazi aerial machine, the fight-Yugoslavs had the strongest, most modern air force in the Balkans. Total strength, 900 planes of all types.

Basic fighter is the Ikarus, a home-built single-seater with a top speed of 269 mph. Armament consists of one shell-firing gun and two machine guns. Yugoslavia also produces a fighter-trainer and a sea-plane scout bomber, but depends heavily on foreign ships, including earlier types of British Hawker fighters and French Potez, Nazi Dornier, British Bristol Blenheim and Italian Caproni fighters.

### Invisible Airplane

The Nazis are boasting about a new "silent, invisible bomber." Claims include "absolutely silent running engines" and fuselage and wings of transparent plastics which make it "virtually impossible" to spot the plane from the ground.

## Traveling Around America

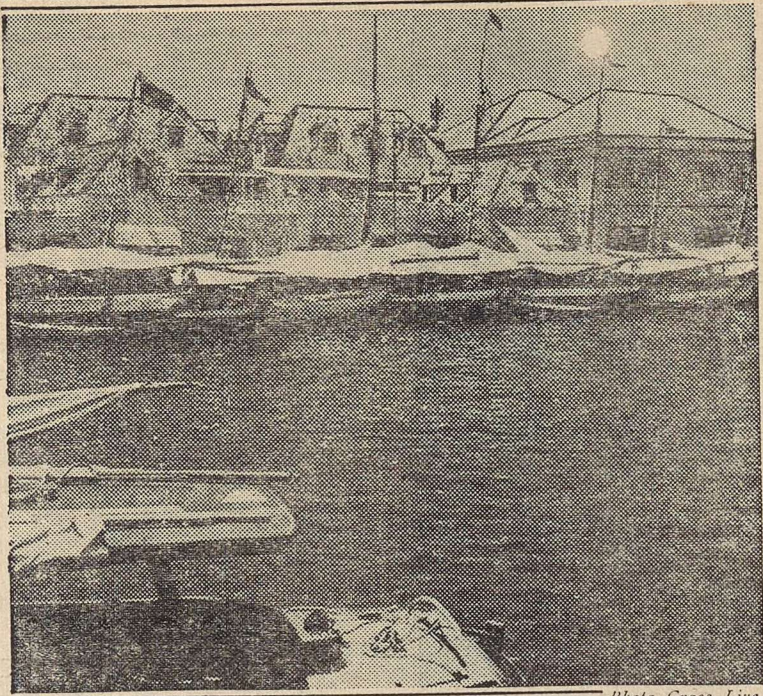

Photo Grace Lino

### "MAKE-BELIEVE" ISLE

NATIVE fishermen in Curacao park their boats along the main street of Willemstad and sell direct from boat to sidewalk-buyer. Great ocean liners also sail along the street while passengers and shopkeepers engage in chummy ship-to-shore greetings. This street is only one of the features which give to Curacao its make-believe look. The whole island looks as if it were the work of a Hollywood producer. Buildings are tiny and as gaily painted as those in a stage set. In gardens, carefully nurtured by water distilled from the sea, flowers are set out with such studied care they have an almost arti-

ficial look. Trees constantly blown by the trade winds look as if they'd been bent by the prop men while being carried on the stage. The harbor pilot signaling his "come-ahead" to ships waiting to enter the port, the little bridge swinging back to admit them—all seem to be following a prompter's cue. And surely the natives could have procured their fancy costumes only from the mistress of wardrobe!

Yes, Curacao visited weekly by popular cruise ships is such a make-believe looking isle that even the troubles and worries of the day all seem make-believe too. It's a marvelous setting in which to relax.

EDNA MAE STARK.

### HIGHEST HIGHWAY

An automobile road reputed to be the highest in the world is Colorado's newest mountain highway to the top of Mt. Evans, reports the California state automobile association. The new highway is 14,111 feet above sea level at its highest point, making it one foot higher than the greatest altitude reached by the Pike's Peak Highway.

thing that your legislature is opposed to. Your legislators want to see men working and not on relief.

Another bill injurious to the mining interests is Assembly Bill 2006 which would interfere with placer mining as well as dredging operations and would require that licenses be granted before such operations could be undertaken on such streams as the American River. This bill will be given a hearing in the committee on Tuesday, May 6th at 9 a. m. We trust that all mining men who are interested in protecting the industry from this injurious piece of legislation will see that their interests are protected by having a good representation at the committee hearing on May 6th.

## Ford Fleet for 'Frisco Force

Speeders beware!

That might well be the warning which could be broadcast from the San Francisco police headquarters here as the result of the delivery to the city last week of 26 Ford V-8 cars to be used in San Francisco's motorized police detachments.

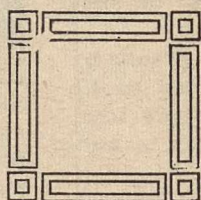

"According to tests made by police executives, the Ford V-8 cars in this 26-car fleet have everything that it takes in the way of power, speed and maneuverability to completely foil the efforts of the law breaker, the speeder or the criminal," said Babe Maggini, head of the Maggini Motor Car Company, Ford dealer, whose firm made delivery this week to the police department.

On hand to receive the cars when they were delivered in the San Francisco Civic Center was Chief Charles Dullea and his staff. The chief expressed to Maggini his enthusiasm over the special features in the Ford V-8 cars which caused them to be selected for this exacting police work. Police cars which will

be used as prowling cars, patrol cars and in accident investigation bureau work, are specially equipped with sirens, gun racks, report pad racks, red and white spotlights front and rear, and are painted with the SFPD shield.

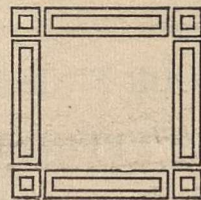

Four of the cars in this fleet carry on the back the circular insignia of the accident investigation bureau and will be added to the fleet which now numbers 17 which is serving the motoring public so efficiently by promptly and scientifically checking accidents, their causes and the methods to prevent them, at the time or shortly following the time of the crash.

Four of the other cars in the fleet are equipped with special red spotlights mounted above the rear fender on the back of the cars and these are to be used in convoy patrol on crowded highways especially on holidays and Sundays. Previous tests have shown that this convoy system has been most effective in reducing accidents caused by cutting in and out and speeding in heavy traffic.

We have a product to sell of which we are justly proud. We do not ask you to take our word for it, all that we ask is a trial of clean, efficient, inexpensive oil heat by you. We are convinced that all you've got to try it and our product will be its own salesman.

Now that winter is passed, many of our friends might think that the cold has passed but there'll be a many a nippy night from now on don't be left out in the cold.

**HANDS ACROSS THE BORDER**  
Canada and the United States, both of them concentrating on an all-out defense drive, both of them engaged in supplying the sinews of war to Britain, are rapidly and of necessity drawing closer together. The Dominion of Canada, with a population of 11 million—one-thirtieth that of this country—is this year supporting expenditures of \$3,500,000,000, or more than half her total national income, the bulk of it for defense needs. To strengthen Canada's war effort and ease her enormous burden, this country has three courses in view: To offer Canada aid under the Lend-Lease Act, to increase our purchases of Canadian war materials, or to finance the construction of American-

**BIRD'S EYE FROSTED FOODS**

owned plants in Canada. One, or all, of these methods may be adopted. Because any attack upon Canada would involve this nation in war, because a defeat for Britain might install a hostile puppet regime on our northern boundary, the United States' self interest requires that we extend helping hands across the border to our partner in defense.

**DEFEAT IN THE BALKANS**

It was a gambling chance that Britain took in the Balkans. The triumph of the Nazi forces in Greece was by no means of decisive importance to England but to the Greeks it was a crushing blow. They had fought long, stubbornly and successfully against vastly superior Italian forces. Making up in valor what they lacked in numbers and in equipment, the Greeks had thrust back the invading Italian armies into Albania and forced Il Duce's soldiers to sustain defeats as they retreated toward the Albanian sea coast. Several changes of army command, made by a desperate Mussolini, failed to stem the tide of defeats until the Nazis unleashed their attack and flung Italy the victory she was unable to win for herself. Britain has lost only another battle, but the Greeks have lost all for which they fought—their freedom and their independence.

**HELP FOR MEXICO**

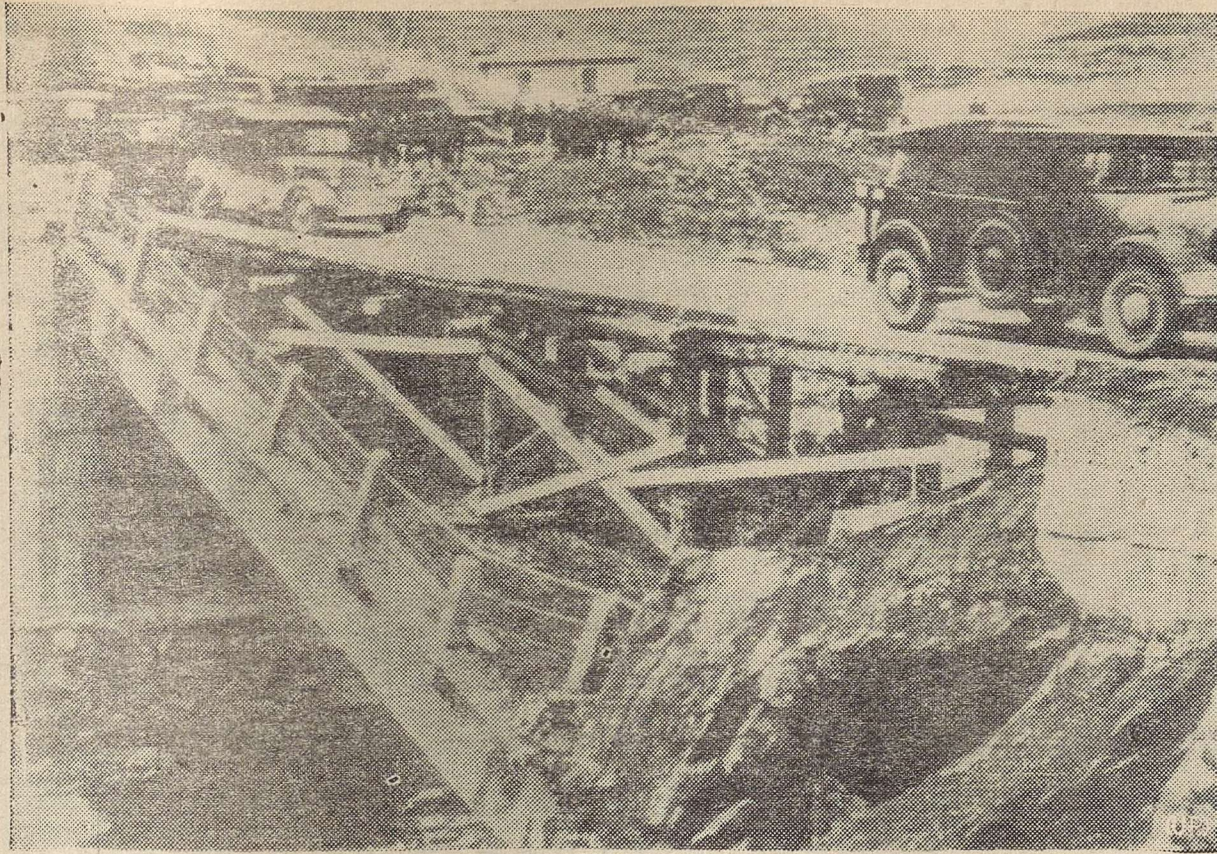

Good deeds make good neighbors. The tragic plight of the thousands of earthquake stricken victims of Colima, Mexico, has called forth not only the sympathy of the United States, but a full measure of aid as well.

Committees, quickly set up in California's leading cities, have opened relief drives for the disaster victims and in Congress a measure to provide \$200,000 for American Red Cross work in the earthquake zone has won spontaneous support. Neighborly relations with the Mexican republic have never in many years been as satisfactory as in recent months. This new gesture of helpfulness, on behalf of Colima's stricken citizens, should further strengthen the bonds of good will already existing between the two nations. Good deeds, which are made of sturdier stuff than good words only, are the heart of any Good Neighbor policy.

**AGAIN THAT "AFFAIR"**

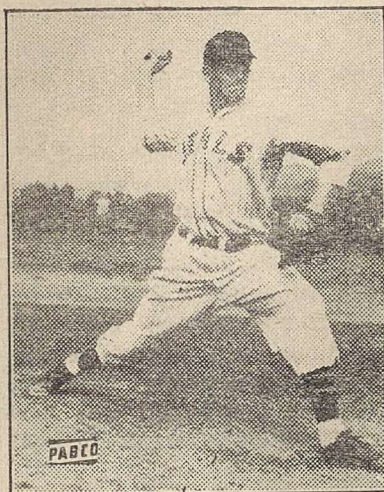

With ratification of the Russo-Japanese pact by Emperor Hirohito, the policy of Japan, Tokyo says, will be directed to settling the China "affair". If reports from across the Pacific are correct, Japan has been directing her policy to that end for four years. China's determination to fight has never been stronger than

**How German Engineers Aid Panzers Pursue Allies**

Here is a specific illustration of how German military genius for planning and preparation to meet obstacles functioned in the Greek campaign. Hoping to halt advance of pursuing panzer troops, retreating British and Greek forces blew up this bridge. But German engineers hastily threw up a new bridge—job for which they are expertly trained and equipped with tools and materials. Axis troops are crossing new bridge, driving Allies toward Athens.

**Seals vs. Angels**

On Wrigley Field, April 29-May 4 San Francisco Seals tangle with the Los Angeles Angels in the classic bout of the season for Californians. Rivalry flaming between the cities is carried to the diamond in this combat. Spearhead for the Golden Gaters attack may be this 20-year-old youngster, Charlie Schanz, Sam Gibson, veteran Seals pitcher, says his ball carries tremendous speed and a good curve. Last year Schanz played with Yakima in the Western International League, won 18, lost nine.

today. Against the rock of Chinese resistance, Japan has beaten vainly in her effort to subjugate that vast nation of 450 million. Obviously it will require more than a paper treaty to settle an "affair" when four years' warfare have failed to achieve it.

**BOOM IN THE WEST**

How's business? The best since 1929 as far as the Far West is concerned, according to those indefatigable analysts who check the pulse of the country's economic arteries. The Pacific Coast, normally a producer of less than 7 per cent of the nation's manufacturing output, today looms large in the industrial picture with more than 16 per cent of all defense expenditures awarded to the states of the Pacific Coast. Expansion in the aircraft industries, already great, has still to reach its peak. New merchant shipbuilding orders continue to pour into West Coast yards, with the newest awards, totaling \$100 million, bringing to \$350 million the amount now on order. The enormous losses suffered by merchant shipping in the present war and the steady growth of civilian flying are two factors promising to

**IN SAN FRANCISCO**

The schooner-rigged sloop Gjoa, the only ship to negotiate the ice-bound Northwest Passage, rests in San Francisco, overlooking the Pacific.

**ARE YOU A SUBSCRIBER?**

keep the aircraft plants and shipyards active for years to come—a activity in which the West is certain to share fully.

**TRANS-ISTHMUS ROAD**

Construction has started on a highway across the Isthmus of Panama which will connect Colon with Panama City, reports the California state automobile association. This new road between the Caribbean Sea and the Pacific Ocean will just a little over 50 miles long, the shortest "trans-continental" route in the world.

Alcatraz Island, Federal penitentiary in San Francisco Bay, was first used as a prison in 1868.

Plumas county has a new industry—growing carrots for juice.

**NOTICE OF ELECTION**

### OPEN HOUSE

**KINGS BEACH, May 1.**— Open house will be observed at the Kings Beach School on Friday. Parents and friends will have the opportunity to actually see the children at work. There will be various and interesting exhibits as well as the hobbies of the children. Free refreshments will be served those attending, along with the usual Friday KES "broadcast" program. Everyone is cordially invited to attend.

### KINGS BEACH ITEMS

Mrs. W. L. English and her two children, Patricia and Michael, will leave Monday, May 5, to motor to Chicago on an extended visit. Mrs. English will visit with her mother and friends while in the east. Mr. and Mrs. Jack Wentworth of Reno were recent dinner guests of Mr. and Mrs. John Gallerani. Carl Brooks is now visiting with Mr. and Mrs. Bud Mandeville.

### CAMPS RE-OPEN

According to word from Washington this week, the camps at Hobart Mills and Boca will be among the 76 CCC camps assigned for operation in California this spring and summer.

**Protect yourself against Unforeseen Events**

Maryland Casualty and Springfield Fire and Marine

### INSTALLS NEW PRESS

The Sierra Sun and Truckee Republican last week installed a new 14x22 job press, augmenting a large supply of equipment. The new press, weighing 2800 pounds, was purchased to handle additional printing requirements in the Truckee-Tahoe-Donner area.

### Board Men Here—

Don Greeley and Russ Farley, state board of equalization representatives, were visitors in Truckee and Lake Tahoe this week.

### Observes Birthday—

Mrs. Gino Giovannoni observed her birthday on Thursday, April 24, and received the felicitations of her many friends.

### To Stay at Carson—

G. D. Oliver, former operator of Hobart Mills, who has been living in Berkeley, has moved to Carson City where he plans to spend the summer. His son, Charles, is operating a lumber yard in the Nevada capitol. Mr. Oliver visited here briefly en route to Nevada yesterday.

### Home from East—

Mrs. Joe Zorich is home from a trip to Rochester, Minn., where her daughter, Amelia, is receiving treatment at Mayo Clinic.

### Visiting Friends—

Mr. and Mrs. Clair P. Goode were in Truckee this week greeting their friends preparatory to a move to Fresno where Goode is will resume his duties as state brand inspector.

### On Texas Visit—

Mrs. Gene Barton and small son left this week for Texas where they will visit with relatives for three weeks.

### Service Discontinued—

Rev. Father William Daley announced this week that the services at Norden which he has been conducting for the past winter have been discontinued for the present.

### Up For Fishing—

D. E. Kessler, president of the San Francisco Flycasting Club, arrived this week to take advantage of the opening days of the fishing season. Kessler revealed that William F. Bowers, 84, former president of the club expired on February 9. He was buried in San Francisco.

### TAHOE PERSONALS

The Clyde Mayhews, who have been wintering in Phoenix, Arizona, have returned to Al Tahoe for the season.

Mr. and Mrs. Fred A. Kilner are greeting friends at Tahoe City following several months in southern California.

Mrs. Gerda Kristberg has written that she is leaving Staten Island this week for Tahoe City.

Mr. and Mrs. John Blaisdell of Sacramento were at Wagner's Auto Camp in Lake Forest last weekend.

Bud Wagner of Seattle was a guest of his uncle and aunt, Mr. and Mrs. Ed Wagner Lake Forest, over the weekend.

Mr. and Mrs. Charles Hunter of Lake Forest, who spend their winter in Tacoma, Wash., are receiving condolences on the death of the latter's mother which occurred in the northern city on April 24.

Mr. and Mrs. H. M. Walker of Meeks Bay have returned from an extended vacation trip through the southern and eastern states.

### Precipitation—

Precipitation recorded here during April totaled 2.81 inches, which brought the seasonal total to 5.61 inches over normal, according to H. I. Snider, local district forest ranger.

### Sale in Progress—

Loynd's Truckee Drug started its big one-cent sale yesterday and already numerous frugal buyers have taken advantage of the many outstanding offers. The sale will continue today, tomorrow and Saturday.

### Roof Completed—

Workmen this week completed installation of the huge new roof over Fontana's Laundry and Dry Cleaners and are speeding work on the new dry cleaning unit.

### To Lodge Session—

Robert Tonini, W. M. Englehart, Sr., Harold Laity and Doug Barrett, all officers of Summit Lodge No. 1, K. of P., visited the Reno lodge on Tuesday night for special degree work.

Joe Digesti had his first visit home from the S. P. hospital since last July. He will return in a month for further treatment on an injured foot.

Nelson L. Salter has returned to California.  
Emerald Bay from Fresno.

### NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

April 30, 1941.

To Whom It May Concern: Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages on these premises, described as follows:  
Paine's Mercantile, Kings Beach.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of an alcoholic beverage license (or licenses) for these premises as follows:  
On Sale Beer

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.
